

Discover Koh Klang Island Eco Tour

Rayavadee Krabi, Thailand - Enjoy the scenery of Krabi River with a local long tail boat ride to Khao Ka-Narb Nam, the symbol of Krabi province and explore the site before helping to maintain the balance of nature by planting a young mangrove tree in lush natural surroundings.

Experience the daily life and culture of a small and friendly local community of villagers who practice self-sufficiency through farming, fishing, rice and handicrafts. Travel in a traditional Sam Lor (tricycle) around Koh Klang and visit a typical Thai 'Pa-Tae' Muslim-style cloth shop.

After a relaxing morning spent taking in the beautiful scenery, lunch is served at a local Thai restaurant in a fish farm before returning to Rayavadee.

For more information about the activity, please contact our reservation at reservation@rayavadee.com
