

OUR DISTILLERS AND CRAFT BREWERS

KILO SPIRITS DISTILLERY KRABI

Based on Rayavadee's philosophy towards environmental sustainability and local community support, we are proud to offer Kilo Spirits, a Krabi-based local distillery committed to using fresh local ingredients sourced from small farmers, contributing a low carbon footprint. Kilo Spirits is committed to precisely craft small batches of pure spirits by a thoughtful blend of modern techniques and traditional methods. Our signature Kilo cocktails feature homemade syrups and cordials using natural ingredients, highlighting our shared values of responsibility and sustainability.

ISSAN AND SAMUI RUM

Created and distilled in Nong Khai (North-Eastern Thailand) and produced following the great tradition of Agricultural rums originating from the French West Indies, Issan is a pure sugarcane juice rum, made from sugarcane completely peeled by hand before undergoing the pressing process. This singularity gives it a unique sweetness with smooth and floral tasting notes for an agricultural rum.

Samui By Issan (SBI) is a traditional rum created and distilled in Koh Samui and produced from Thai organic molasses. Unlike industrial molasses rum, which is often aromatically neutral, SBI is a rum with character in the spirit and tradition of rums developed by Issan. Distilled with copper pot still, SBI highlights aromas of coffee, banana, caramel and roasted nuts.

FULLMOON BREWWORKS

Established as a brewpub in Phuket in 2010, Fullmoon brewworks philosophy is to innovate all-natural flavorful craft beer that filled with local inspiration. The brewery incorporates local business into its supply chain. The unique craft beer-making has been recognized on the international stage, received multiple world, European and Australian awards.

CHALONG BAY

Using a traditional copper still imported from France and a centuries-old distillation process, Chalong Bay distillery created a truly original handcrafted rum that binds the traditional French art of distillation with the rich sugarcane heritage of Thailand.

Whilst respecting the tradition of rum making, they use a novel approach that involves innovative craftsmanship, sustainable production and local enterprise.

KOSAPAN DISTILLERY

At Kosapan distillery, they sustainably and ethically sourced raw fruits and botanic from a handful of strictly selected organic growers in Thailand who not only meet their standards but also share the ethos.

Everything is carefully handcrafted from the start to finish. From harvesting to peeling fruits for mash and fermentation, the alcohol is subsequently double or triple-distilled by hand in traditional French copper alembic stills and aged in limited batches. This French artisanal method is rarely practiced in modern manufacturing process due to its time-consuming nature, however it gives a unique distinctly complex aroma and exceptionally delicate notes.

Rayavadee is delighted to bring you the best of Kosapan Distillery. These 100% natural products and free from any additives.
