

Discover the Online Selection of Rayavadee Garden Plants, Trees & Herbs

February 2025 – Krabi, Thailand, Rayavadee is pleased to introduce two new website sections: **“Our Garden Plants & Trees”** and **“Our Garden Herbs”**, now available at www.rayavadee.com. Discover and learn online about the various garden plants, trees, and herbs featured in the **Rayavadee Garden Walk** and their benefits.

Rayavadee is spread over 26 acres of lush, tropical landscapes and surrounded by towering limestone, jungle-topped cliffs on the edge of Krabi Marine National Park. With more than 120 types of plants and tropical trees and more than 250 types of ferns and herbal trees to discover.

Many of them such as the Tamarind, Gooseberry, Mango and Coconut, are edible and provide essential ingredients for a number of traditional Thai recipes. We also have a variety of medicinal plants such as the Sea Lily, the White Bat Flower and the Spiral Flag, whose healing properties have been incorporated into Thai remedies for ailments ranging from toothache and sore throats to stomach disorders and coughs. Others such as the Lotus flower have religious symbolism and are used in Buddhist offerings and ceremonies. One can learn many things about Thai culture by studying our gardens.

Rayavadee Garden Walk, A self-guided garden walk map is also provided to guests to accompany a wander along our garden paths, perfect for exploring and learning about the area's great variety of flora and fauna.
