

Railay Beach Cleaning (RCA)

November 2019 – Krabi, Thailand – Rayavadee takes pride in raising awareness of sustainable tourism with other 19 hotels, our visitors, volunteers and Rayavadee’s team member through beach cleaning at neighborhood’s area ‘Railay Beach Cleaning (RCA)’ on every Wednesday.

Rayavadee’s underlying philosophy has always been to co-exist in harmony with the uniquely beautiful natural environment of the Phranang Peninsula, a fragile place with a rich and unique landscape of mountains, jungle and sea replete.

Rayavadee works as a proactive member of the community to support initiatives that raise awareness of sustainable tourism practices and the importance of protecting the environment. We regularly help to organize beach cleanings, marine life releases, and mangrove planting events, all of which foster understanding between community members, local businesses and visitors.

Volunteers are able to participate activities to collect garbage along Railay Beach from 14:30 – 15:30 on every Wednesday.
