CREATE YOUR OWN WEDDING EXPERIENCE

Rayavadee offers you special options to personalise your dream day. Our wedding planner can help you customise an experience to match your imagination.

Ceremonial Options

Rayavadee is able to arrange a variety of ceremonies for you.

Traditional Thai Ceremony

Sai Mongkol, the traditional Thai blessing ceremony, is believed to unite the couple's souls, linking symbolic loops of string from the bride to the groom. This is followed by the Rod Nam ceremony, in which guests pour sacred water from a holy conch shell onto the hands of the bride and groom.

Buddhist Monks Ceremony

In addition to the Traditional Thai Ceremony, couples can choose to have an auspicious blessing performed by Buddhist monks, a ritual which Thais believe adds a spiritual dimension to their union

Renewal of Vows

A reaffirmation of vows as sacred as any wedding event.

Same Gender Union Celebrations

While same sex marriages cannot yet be legally registered in Thailand, we welcome same sex union ceremonies at Rayavadee.
